SECTION 1: OVERVIEW

The State of Michigan, under Section 21f of the State School Aid Act, has created the option for parents to request that their student(s), in grades 6-12, be enrolled in no more than two online courses in place of a currently scheduled course. Romeo Community Schools supports online learning, and we pride ourselves on using technology innovatively to support learning. We encourage parents to consider carefully if a 100% online course is ideal for their child given the fact that they will be forfeiting face-to-face teacher classroom instruction and support.

While there are many benefits to online learning experiences, parents should carefully consider the unique qualities of their child when investigating if an online class is right for them. These factors may include:

- Can your student create and maintain a study schedule without face-to-face interaction of a teacher?
- Can your student self-advocate and seek help within a virtual setting?
- Does your student possess the independent study habits needed to complete an entire course online without direct supervision?
- Does your student have the reading, writing, math, and computer literacy skills to succeed in a class that is completely online?
- Additional information is contained with the Parent Guide to Online Learning http://media.mivu.org/institute/pdf/parent_guide_2013.pdf

It is important to note that the Section 21f option is limited to choices available from the online classes listed in the state online course catalog (<https://micourses.org>). While all of these classes have been reviewed from each sponsoring local district, these courses may not necessarily meet the rigor of courses for Romeo Community Schools from a credit or graduation requirement perspective and are, therefore, subject to administrative approval. Additionally, availability of courses is not guaranteed. Courses may have a class size limit, and should that limit be exceeded, students will be placed into the course on a lottery basis.

It is critical that parents of students involved in an online learning opportunity under Section 21f understand these important points:

- The highly qualified teacher providing content for the course will only be available remotely via email or possibly phone and will not be a faculty member of the Romeo Community Schools.
- Students will work independently outside of the traditional classroom setting and will not be present with their current teacher or classmates during that subject.
- Students will be monitored by a Romeo staff member.
- Changes to the existing students schedule could be made.
- If approved, both parent and student must agree to and sign the 21f Online Learning Student Contract (see Appendix B).

Parents should use the Online Course Request Form found in the Appendix of this handbook in order to enroll their child in an online course under Section 21f. Enrollment in this

program for future school years will follow the established course selection timeline at the secondary level. All requests must be made to the counseling office by May 1st.
